

DARE Disability Support and Nepean Blue Mountains Local Health District are working together to discover what good communication in hospital looks like for people with communication disabilities, in particular, people with intellectual and developmental disabilities.

This can be about:

- The way that healthcare workers speak to the person you support,
- How you felt when talking to healthcare workers, and
- How important information about the person you supported was used.
- We would like you to tell us about your observations and share your ideas with us so we can make communication better.

By filling in the form below, you're letting us know how you want to get involved in our project and how you want to share information.

Consent Form

If you have any issues filling in the form below please contact Kathryn Woods at myhealthmycommunication@dareds.com.au or on 0419 431 223

First Name*

Last Name*

Email Address

Phone Number

Physical Address

I give my consent for my survey response to be used by the My Health My Communication project.

If you do not provide consent for the survey to be used, we cannot collect your response.

We'd also love to talk to you in a further discussion, can we contact you further?

Yes No

If no, please skip the rest of the questions, sign the form, and return it to us.

If yes, what is your preferred contact method?

Over the phone Online/email In person

Please note that any in person meetings will be subject to COVID-19 restrictions and are required to be COVID safe.

Are you okay with having a video or your voice recorded when we talk further? This may be used for to revisit the discussion, or used later for training purposes.

Yes No

Can we share the things you say to us in your videos, and voice recordings to train healthcare workers in hospitals and disability workers?

Yes No

Please sign the form here confirm your consent:

Your name, address, and contact details will not be given to anyone and will always be kept safe by DARE.
